

Scientific and practical conference

Geologic structure and hydrocarbon potential offshore the Russian Far East

29 January 2009
Conference Hall, Alfa-Izmaylovo Hotel, Moscow

P R O G R A M M E

- 09:00-09:30 Registration of participants
- 09:30-11:30 Morning session:
- Opening of the conference
 - Welcoming speech: Purposes and objectives of the Conference. E. Ya. Kropp (DMNG)
 - Principal outlines of Tectonic Structure Offshore the Russian Far East. A.M. Nikishin (MSU)
 - Oil and Gas Basins of the Far Eastern and East-Arctic seas. M.K. Ivanov, O.V. Krylov, S.V. Frolov (MSU)
 - Questions and discussion
- 11:30-12:00 Coffee break
- 12:00-14:00 Afternoon session:
- Offshore and Onshore Oil & Gas Basins in East Russia. K.A. Kleschev, V.S. Shein, V.A. Ignatova (VNIGNI)
 - Petroleum Geological Zoning and evaluation of Oil & Gas Resources of the Far Eastern seas. L.S. Margulis (VNIGRI)
 - Tectonic and Petroleum Geological Zones of the Russian Far Eastern seas. D.A. Astafiev, V.A. Ignatova, A.V. Tolstikov, T.N. Gorlova (VNIIGAS)
 - Basin Lithologic Formations of the Russian Far East. Y.K. Burlin (MSU)
 - Questions and discussion
- 14:00-14:40 Coffee break
- 14:40-17:00 Evening session:
- Hydrocarbon Resources and licensing activity offshore RFE. A.V. Grevtsev (DMNG)
 - Oil & Gas Basins and Licensing Policy of the main oil-producing countries. V.I. Vysotskiy, (Zarubezhgeologia JSC)
 - Oil & Gas Exploration Offshore the Russian Far East: prospects and challenges. Yu.N. Novikov (VNIGRI)
 - Oil & Gas Exploration on the Okhotsk Sea Shelf: promising directions. N.A. Malyshev, A.A. Borodulin and others (NK-Rosneft)
 - Okhotsk Sea Region in the 21st Century: history of the latest hydrocarbon discoveries. New exploration areas: prospects and risks. A.E. Zharov (Sakhalin Projects CJSC)
 - Questions and discussion
- 17:00-19:00 Conclusion
